## EVERYONE HAS A DREAM KITCHEN, NOW IT'S TIME TO CHOOSE YOURS

Axiom® by Formica Group is a stunning range of worktops, upstands and splashbacks that feature unique designs, partnered with premium surface finishes. Axiom® worktops and accessories allow your dream kitchen to become a reality.

All decors in the Axiom® range are available as worktops (profiled on one edge), as breakfast bars (profiled on two edges) and as matching upstands. Selected decors are also available as matching splashbacks and in addition, there are nine complementary splashbacks.

## GUIDE TO SELECTING YOUR DREAM WORKTOP AND ACCESSORIES

1

### Design & Colour

Choose from one of 60 designs in the Axiom® by Formica Group range and let your dream kitchen come to life. Granite, wood, stone, plain and subtle patterned designs are available in a range of stunning colours.

2

### Texture

Texture adds substance to any kitchen surface so it's important to think carefully about a texture that is going to complement the exact look and feel you want to achieve. There are nine premium surface finishes to choose from in the Axiom® range, meaning your dream kitchen will not only look good, it will feel good too.

3

### Profile

Each worktop design has been carefully matched with the most appropriate profile to enhance the look of the worktop:

**Linea** - A modern profile with a 6mm radius that emulates the shape of natural materials.

**Axis** - An exciting 3mm radius profile that combines straight, clean edges with quality natural stone and wood decors to create really authentic looking work surfaces.

Please check the Axiom® sizes and availability table to identify the profile available with your chosen decor.

4

### Size & Layout

Once you have selected your preferred design and texture, it is important to take special note of the sizes available. To offer ultimate flexibility, the full Axiom range is available as worktops (profiled on one edge) and breakfast bars (profiled on two edges). Please check the Axiom sizes and availability table to identify the size options available with your chosen decor.

5

### Finishing Touches

All decors in the Axiom range are available as matching upstands and selected decors are also available as matching splashbacks. A further nine feature splashbacks have been handpicked to complement some of the bestselling Axiom decors, ensuring your dream kitchen gets the finishing touch it deserves.

6

### Requesting samples

Seeing samples of worktops or accessories is an important part of choosing your dream kitchen and requesting a sample couldn't be easier. Simply contact us through one of the following methods:

#### Phone

Call the Axiom® Samples Hotline **0800 376 2976 (UK) 1800 939 266 (ROI)**.

#### Online

The Axiom® by Formica Group website is the ultimate resource to help you select a worktop design. Visit [www.axiomworktops.com](http://www.axiomworktops.com), select your design and request a sample. If you need some more inspiration before selecting your design, you can also find a wealth of stunning photography in our image gallery.

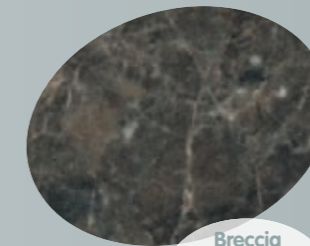

## HONED

Honed is a highly tactile finish that emulates the look and feel of brushed matt stone.

**Axiom**  
by FORMICA GROUP

# TRUESCALE

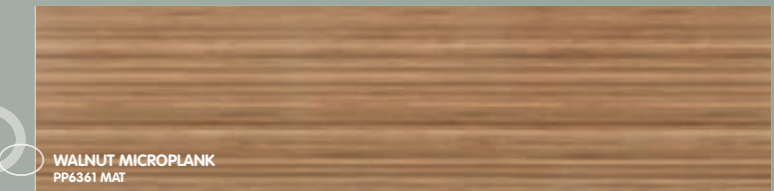

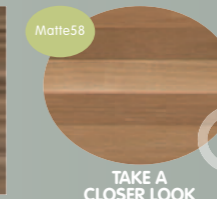

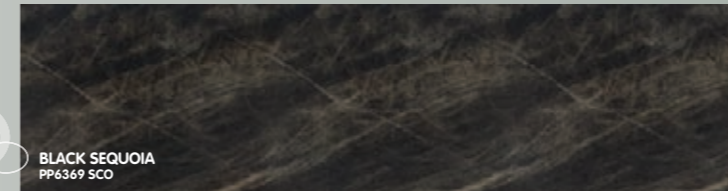

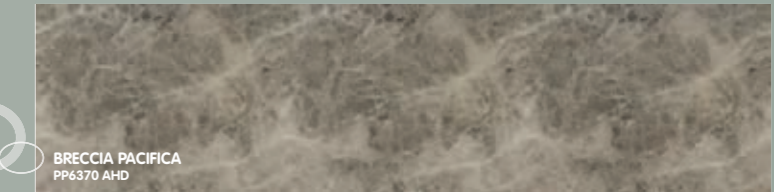

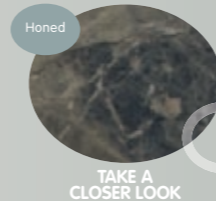

One of the most exciting design additions to the Axiom® range is True Scale. Developed by Formica Group, True Scale laminates capture the beauty of natural materials such as granite, stone and wood, without the small repetition of pattern found on traditional laminates. Axiom® True Scale worktops mirror the real characteristics of natural materials across the full width of the worktop – bringing you closer to nature and your dream kitchen.

Choose from one of nine stunning decors within the Axiom True Scale range.

These images are scaled to show full size pattern similar to real stone and woodgrains. Images show a 3600/4100mm length x 1400mm width full laminate sheet. 600, 665 and 900mm wide worktops and breakfast bars are manufactured using a section of the full 1400mm width shown, therefore each worktop and breakfast bar will show variable characteristics just like natural materials.

TAKE A CLOSER LOOK

These images are scaled to show full size pattern similar to real stone and woodgrains. Images show a 3600/4100mm length x 1400mm width full laminate sheet. 600, 665 and 900mm wide worktops and breakfast bars are manufactured using a section of the full 1400mm width shown, therefore each worktop and breakfast bar will show variable characteristics just like natural materials.

Picture shows:  
Walnut Microplank Matte58 worktop  
Wasabi Gloss splashback

## COMPLEMENTARY SPLASHBACKS

Splashbacks are the stylish alternative to tiling your kitchen. Hygienic and easy to install, splashbacks can subtly complement work surfaces or alternatively be used as a stunning design feature. All complementary splashbacks now come complete with a matching edging strip for the perfect finish.

## MATCHING SPLASHBACKS

A selection of Axiom® worktops are available with matching splashbacks, giving you even more flexibility when choosing your dream kitchen design. See individual texture pages and the Axiom sizes and availability table for matching splashback availability.

**Splashbacks**  
3030 x 600 x 8mm  
3030 x 1210 x 8mm

## UPSTANDS

Create clean, uncluttered lines between your wall and worktop with an Axiom® upstand. Used in addition or as an alternative to tiling; upstands help to perfect the finish of your dream kitchen. Matching upstands are available across the full range of Axiom® worktops.

**Upstands**  
3000 x 100 x 20mm

Dimensions may vary slightly due to the manufacturing process.

## QUALITY GUARANTEED

### Lifetime guarantee

This guarantee covers any laminate worktop found to be defective in either material or manufacture from the date of installation. Due to the properties of gloss laminate we are unable to accept performance responsibility for this decorative surface. Colour and surface finish should be compatibility checked before fitting as we cannot accept claims for re-fitting resulting from a mis-match of colour or surface finish.

### Gloss worktops

All gloss Axiom® worktops (AB61) benefit from the unique AR Plus® laminate technology, which gives enhanced wear and scuff resistance compared to all other gloss laminates. Gloss surfaces do scratch more easily so additional care must be taken.

### Upstands and Splashbacks

Axiom® laminate upstands and splashbacks carry a 10-year guarantee. This guarantee covers any upstand or splashback found to be defective in either material or manufacture for up to 10 years from the date of installation. Gloss and aluminium surfaces do scratch more easily so additional care should be taken on installation. We are unable to accept any responsibility for the scratching of these products due to incorrect handling.

### Quality assured

All Axiom worktops are strictly manufactured in accordance with British and European standards to ensure they meet exacting modern kitchen requirements. Specific features incorporated into the worktop increase their resistance to heat, impact, moisture and scratching (excluding gloss). For over 20 years the Axiom range of domestic kitchen worktops has achieved the ultimate mark of product quality – the FIRA GOLD AWARD. Assessed by the Furniture Industry Research Association, in accordance with British and International standards for all aspects of workmanship and ‘fitness for purpose’, it brings the assurance that this product has been manufactured to the highest standards.

## OUR COMMITMENT TO SUSTAINABILITY

At Formica Group we are fostering a culture that demands continuous improvement in our overall impact on the environment, including sustainable manufacturing processes. Our European manufacturing plants operate an environmental management system which complies with the requirements of ISO 14001:2004 enabling us to provide genuine sustainability credentials to our consumers and specifiers. To find out more about our commitment to sustainable practices and our life cycle assessment (LCA) visit [www.axiomworktops.com](http://www.axiomworktops.com)

### Carbon Trust

Formica Group is proud to be the first laminate manufacturer in the world to be awarded the Carbon Trust's Carbon Reduction Label. To qualify to bear this, Formica Group has had each product's carbon footprint certified to PAS 2050:2008, Footprint Expert™ Guide and the Code of Good Practice for Product GHG Emissions and Reduction Claims, which includes Axiom® worktops.

### GREENGUARD

As one of our core sustainability strategies, Formica Group has taken significant steps to ensure that its products promote a healthy indoor air quality in homes, offices, schools and other interior environments.

### Forest Stewardship Council

Forest Stewardship Council (FSC) Chain of Custody (COC) certification is awarded to companies such as ours that can track and document FSC-certified material throughout the production process, from the forest to the customer. You can find a copy of our FSC COC Certificate TT-COC-003588 from BM TRADA, an independent third-party certifier, at [www.axiomworktops.com](http://www.axiomworktops.com).

All Axiom worktops are produced at the Formica Group plant in Newton Aycliffe, County Durham. Formica Group is proud to support the Made in Britain campaign.
