überthinking

NEW FOR
2013

We are proud to launch 2013 über collection, which sees colour making a real statement, whether shimmering metallic finishes, or a more natural colour palette – from subtle stone hues, through to striking high impact colours such as Anthracite. Look out for our “New for 2013” icons to discover our stunning new colours, materials and finishes, including stylish refinements to our Bibury design with über cool letterbox style doors (see pages 40 / 41) and external corner posts (see pages 6 to 11).

KASAI
METALLIC RANGE

This year, our talented team of designers have exceeded our wildest expectations and created the new Kasai range – a real exclusive for the UK market. Available in six exciting finishes; from a rich Rose Gold to a vibrant Ruby, these unique lacquered metallic finishes are brought to life, giving varying effects in differing lighting conditions.

überCouture
collection

Alongside the Kasai range, the Couture Collection also offers ten beautiful colours, which are now available in either stunning silk or gloss finishes, with a choice of Bibury handleless or Babington slab doors. The Couture Collection now consists of 52 kitchen styles, all individually crafted and hand finished to suit all styles of homes – from the avant-garde to the traditional. This approach allows homeowners the opportunity to create a bespoke look which not only transforms regular kitchen / living spaces, but is also flexible enough to suit awkward shaped rooms.

über means more than, above and beyond, going further. This is what we do. We work with you to create your perfect kitchen by expanding the possibilities. Überthinking is driven by inspiration – yours and ours. Our designers go that extra mile to create kitchens that offer high-end style, without the ultra-expensive price label – it's what we like to call “affordable chic”.

The über philosophy is simple: to bring together the very best in European design to help you to create stunningly distinctive spaces for the way that you want to live your life. That means pieces of exceptional quality, as functional as they are beautiful. In developing the über range we continue to draw our inspiration from a diverse range of international influences – Italian style, German engineering and Spanish passion.

Über's combination of unique qualities brings a distinctive continental sophistication to the home – all yours to explore.

BABINGTON

LATTE & NERO

Babington has become an über design classic where the minimal straight line design can be perfectly complemented by curved end floor or wall cabinets. Our high gloss Latte (coffee) and Nero (black) work perfectly on their own or blended together. An MDF core finished with five or six coats (dependent on colour) of polyester and polyurethane lacquer provides real strength and resilience. Handle options are; Katana, Tachi, über selection or handle-free.

BABINGTON

PAVILION

Babington is popular because of its versatility. Our Pavilion (green-grey) high gloss finish provides a warm contemporary finish which can be further softened by a convex curved end cabinet.

BABINGTON

PEARL

For many discerning individuals, our Babington Pearl kitchen is their number one choice. The sleek lines and high gloss finish create a simple and elegant design which can be minimal (handle-free) or embellished by the addition of one of our beautiful handles.

BABINGTON

PEARL & CANVAS

Our white Babington Pearl looks amazing on its own, yet when it is blended with Canvas, an alabaster inspired colour, it adds an extra dimension. Alongside the flowing lines we have introduced an additional level of sophistication through the addition of curved cabinets and doors.

BABINGTON

STONE

Our beautiful Stone finish provides a subtle natural warmth with a tinge of grey and beige which perfectly complements stone work tops and wooden breakfast bar surfaces. We guarantee you won't be able to resist running your fingers along our convex floor cabinet with curved worktop.

BIBURY

SILK WALNUT AND PAVILION

Our Bibury handleless range uses a luxurious natural walnut veneer in a super matt finish - allowing you to mix not only colours, but also textures. The new range was launched to critical acclaim and has recently been featured in Ideal Home magazine as one of the 'Top 10 Best Handleless Kitchens' describing it as 'Rich, style-conscious and very, very handsome, this kitchen is the ultimate handleless catch.'

NEW FOR
2013

The Bibury overhead doors feature our new letterbox style glazed doors. Available in all Bibury lacquered options.

BABINGTON

PAVILION

Pavilion is the stunning result of a combination of subtle grey tones featuring a hint of green with a beautiful high-gloss lacquer finish. The curved island accentuates the flow of the integrated handle lines.

BIBURY STONE

Curvaceous concave floor or wall mounted cabinets have been introduced for all Bibury ranges, giving a smooth flow around any room. Silk Walnut introduction date yet to be confirmed.

BIBURY

PEARL

A picture says a thousand words and the Bibury Pearl certainly makes a bold statement. The use of a brilliant white high-gloss lacquer finish with integrated handles fluted into the fascias will put a satisfied smile on your face every time you walk into the room.

BIBURY STONE

Painted in a high-gloss lacquer, the Bibury Stone combines the use of grey and beige shades to produce a stunning and linear effect. The handle is incorporated into the top or bottom of the door, giving a deep and positive grasp.

The flowery grain of the solid timber framed Tetbury Oyster has been carefully exposed before painting with a luxurious oyster coloured paint with hints of grey.

Handle shown: Charleston, which has pewter ends, with a grey crackle ceramic centre.

TETBURY

OYSTER

Carefully selected European oak has been used to create a Shaker masterpiece. Glide around the curved units to experience a real sense of inner calm.

Handle shown: Zen in a contrasting polished chrome finish.

MAYFAIR
NATURAL OAK

MAINE OAK

Classical, yet sleek, this oak finish in-frame effect model can grace either traditional or modern environments and use its charms to enhance them.

Handle shown: Ceo in a brushed nickel effect.

HARVARD

A modern classic or a traditional timeless focal point in your home – you decide. Harvard combines the use of an in-frame effect design and a smooth cream colour to create a stunningly sophisticated kitchen.

Handle shown: Ceo in a brushed nickel effect.

METRO AUBERGINE

"Bold, bright and beautiful"; three of many words used to describe this high gloss aubergine coloured door.

Handle shown: überline integrated matt silver anodised aluminium.

METRO CREAM

The combination of this high-gloss cream lacquered door with contrasting drawer fronts creates an inspiring living zone.

Handle shown: Kimera in a stainless steel effect finish.

METRO ICE

Brilliant white and fantastically glossy doors - this kitchen screams style.

Handle shown: Press with a transparent acrylic centre and polished chrome ends.

METRO LAVA

A striking high-gloss anthracite slab door with a rich depth of colour and clean square edges for today's chic living.

Handle shown: Arista in polished chrome.

Izumi, from the Japanese word meaning water spring, has acrylic faced doors / drawer fronts featuring dual colour edges which create the appearance of a glass door due to the intensity of the colour and gloss level. Orchid is the first of three colours and is brilliant white.

Handle shown: Kyoto in a stainless steel effect finish

IZUMI ORCHID

IZUMI NERO

Nero, the black version of Izumi, is not only striking, but also reflects all before it. Enhancing the design with “floating” units (as shown), it helps to create a perception of increased space in a room.

Handle shown: Kyoto in a stainless steel effect finish

IZUMI CREME

übercool

Creme is soft and subtle, yet still bold. The almost glass-like acrylic faced fronts, shown here with the "Atlas" wall mounted base unit option, enables access to the whole floor area.
